Juniper	Coriander																				
Iris root	Cubeb																				
Almond	Cassia																				
Fennel	Licorice																				
Star anise	Sarriette																				
Lemon peel	Grains of paradise																				
Orange peel	Angélique																				
Cardamom	Cumin																				
Violet	Cinnamom																				
Savory																					

Nose	A delicate and fragrant nose of fresh flowers. After a few moments, stronger, more herbaceous aromas of juniper, citrus and cardamom, develop in a most remarkable way.
-------------	---

Palate	On the palate, juniper gives way to a voluptuous complexity redolent of peppery and strong spices, leading into an elegant, round and highly refined finish.
---------------	--

Drink Strategy	Citadelle Gin & Tonic with a zest of lemon
-----------------------	--
